UNITED STATES DISTRICT COURT

Grand Jury Returns True Bills in a Number of Cases

THIRD DAY'S SESSION

Trial of Arthur and George Welsh, Indicted on the Charge of Having Entered a Railway Car Postponed.

The United States District Court, Judge Edmund Waddill, began today the trial of Arthur and George Welsh, who are indicted for entering a railway car and taking articles therefrom last July. District Attorney Smith is conducting the prosecution, and Edmund Burke is counsel for the defense.

The two brothers were sent on to the grand jury by the Police Court of this city shortly after the alleged offense, and the Corporation Court last month, after having started an investigation of the case, concluded it was a matter which should be considered by a United States Court, as the railways are now in charge of the government.

After the convening of the case today Mr. Burke moved that the indictment be squashed upon the ground that it had previously been before a state court and one of the accused had been declared not guilty. While the argument was in progress the clerk of the Corporation Court, at the request of the District Attorney, sent to the court a minute which set forth that prosecution of the cases had been arrested.

After a lengthy colloquy between the District Attorney and Mr. Burke, Judge Waddill denied Mr. Burke's motion, and preparations for the trial of the case began.

It was subsequently detremined to continue the case until March 1st, when a special session of the court will be held.

The grand jury in the meantime had presented their report. Among the true bills returned were the following:

United States vs. William A. Waters and J. Benjamin Waters, conspiracy to defraud the United States.

J. Benjamin Waters, having in possession stolen government property.

United States vs. Marshall Brown, larceny of government property and having stolen government property in his possession.

United States vs. Marshall Brown, J. Benjamin Waters and Max Zweig, conspiracy to defraud the government.

United States vs. Conner Hudson, larceny of government property.

United States vs. John Eyler, larceny of government property and having stolen government property in his possession.

After the Gazette went to press yesterday afternoon indictments were returned by the grand jury as follows:

Thomas Fletcher, alias Walter Williams, larceny of personal property on government reservation; Otto Harrison, alias Otis Arthur Keene, making false claims under War Risk Insurance Act; C. R. C. Johnson, violating the Harrison Narcotic Act; William L. Stevens, violating the Harrison Narcotic Act.

SHIPS WILL BE BLOWN UP

Destruction of War Vessels Scuttled at Scapa Flow is Finally Decided Upon

London, Jan. 7.—German warships sunk by their officers in Scapa Flow, will be blown up shortly, it was stated here yesterday. The decision to dispose of the vessels in this way followed the completion of investigation by a special commission representing all of the Allies. Experts employed by the Salvage Department of the British Admiralty spent several weeks taking soundings in Scapa Flow and the information they furnished the commission was used as a basis to determine whether the ships should be raised or destroyed.

FIRM IN NEW QUARTERS

The public will take notice that the enterprising and progressve firm of Whitestone and Clarke, Inc., Wholesale Grocers and Produce Merchants who have been located at King and Lee streets, have now removed to the big red brick wareroom and premises formerly occupied by Mr. J. H. Crilly on Lee Street near Cameron street.

These new quarters of this enterprising firm give them ample accommodation for their rapidly developing and growing business, as these premises are considered by many the best and most substantial warerooms in the city.

This firm composed of R. P. Whitestone, R. D. Clarke, and Louis L. Whitestone is simply another illustration of close hustling application to business with its successful results.

Every new successful enterprise helps Alexandria and the Gazette welcomes this fine trio of gentlemen to the wholesale business world of Alexandria.

Trading at home helps Alexandria and is the motto of our "Chamber of Commerce." You will find practically everything you need at Whitestone and Clarke at the right price. Their phone is 707. Call them up and get their price, it will make tripping to Washington these cold days unnecessary.

This firm has the agency for the well known Patapsco, Betsy Ross, Capitol and Bob White Flours, and the popular Pat-a-Cake Flour. If you are not already handling these brands of Flour it will pay you to investigate their quality and popularity already established here. These flours are Maryland and Virginia products made from hard, flintly and Mountain Wheat.

JACKSON DAY BANQUET

Nine With Eyes on Presidency to Talk

Washington, Jan. 7.—Nine men who are considered candidates for the Democratic presidential nomination will speak at the Jackson Day banquet here Thursday night following the meeting of the Democratic National Committee.

These nine are W. J. Bryan, Senator Owen, Secretary Daniels, Senator Underwood, Governor Cox, former Ambassador Gerard, Champ Clark, Attorney General Palmer and Senator Pomerene.

Other speakers will be Governor Cornwell, of West Virginia; Senator Hitchcock and Mrs. Peter Olesen of Locquet, Minnesota.

The dinner will, as previously announced, be conducted simultaneously in two hotels. The speakers, after addressing one group of diners will go to the other hotel for their second appearance.

Before the speaking begins President Wilson's "important word of greeting" to the Democrats will be ready by Chairman Homer S. Cummings.

Friends of Bryan expect him to make the keynote speech. Words of the other leading candidates—Gerard Palmer and Cox—are awaited eagerly by Democrats. Attention is centered especially on Gerard, who is the only man who has come out openly for the Democratic nomination.

W. G. McAdoo is the only prominent presidential possibility who will not make his bow to the banqueters. personal business prevents him from attending.

FLOODS FOLLOW QUAKES

Mexico City, Jan. 7.—Floods have followed the earthquake in Eastern Mexico, causing many fatalities. The flood in the San Francisco River, in the state of Vera Cruz, is especially severe, wiping out many villages. Rinconada, between the city of Vera Cruz and Jalapa, was entirely submerged. Twenty-five bodies have been recovered there and the water is dotted with many more corpses.

Official reports that began to trickle in yesterday from the devastated area show that the damage and loss of life was more extensive than originally supposed.

The subterranean upheaval caused the waters of the flooded rivers to be covered for a while with some unknown black substance, which gave off the stench of sulphur.

BREWERS PLAN TO DEFY COURT

Will Resume Making of 2.75 Beer to Force New Test Case

WEAK SPOTS IN ACT

Word "Intoxicated" Again to be Crux of Bitter Battle—Issue Awaited With Interest.

Washington, Jan. 7.—The brewers of the United States, acting upon the advice of counsel, will resume the manufacture of 2.75 per cent. beer after January 16, and will continue to make it and offer it for sale, unless stopped by the Government through action taken in the courts.

It can be stated upon the highest authority that this program has been advised after a conference between the leading lawyers who have led the fight for the brewing interests and that these interests have decided to follow it, notwithstanding the opinion of the United States Supreme Court yesterday to the effect that 2.75 per cent. beer is intoxicating and therefore is barred by the Volstead Enforcement act.

The opinion rendered by the highest court dealt solely with the enforcement measure as it applies to wartime or statutory prohibition and has no bearing whatever, the brewers' counsel hold, upon that part of the enforcement act which applies to constitutional prohibition.

It is morally certain, of course, that as soon as the breweries reopen their plants and undertake the manufacture of 2.75 per cent beer, the Government will proceed against them. This will mean that a new test case involving the right to produce drinks containing not more than 2.75 per cent. of alcohol will be brought and that this phase of nationwid prohibition eventually will reach the Supreme Court for a construction of the Volstead statute in its relation to the Eighteenth Amendment.

The brewers have been advised. it is learned that they are not prohibited from manufacturing 2.75 per cent. beer by the Constitutional amendment. This amendment, it is contended by their counsel, prohibits the manufacture, sale and the importation of "intoxicating" beverages. Beer containing not more than 2.75 per cent. of alcohol, as they maintain they are prepared to prove, is not intoxicating and, therefore, does not come within the prohibitory clause of the Eighteenth Amendment to the Constitution, according to the advice received by the brewers.

MARRIED MULATTO

White Plains, N. Y., Jan. 7.—Because she alleged that she had been deceived by her husband who said his parents and ancestors were from a red-skin tribe from the Far West, Supreme Court Justice Morehauser yesterday granted an order annulling the marriage of Sybil P. Neale to Theodore B. Neale because the testimony introduced showed that he is a mulatto.

The couple were married in Manhattan March, 1917, and have no children. Mrs. Neale testified that she was told by her husband when they were married that he was a white man. After living with him a short time she discovered that her mother-in law had kinky hair which was hidden by a wig.

SIXTH SHIP TO BE LAUNCHED SATURDAY

Clemence C. Morse Will Leave Ways at 10.45 A. M., That Day

INVITATIONS ISSUED

It is Expected that a Large Throng Will Witness Launching Including a Number of Government Officials.

The sixth ship to be launched by the Virginia Shipbuilding Corporation in this city will be the Clemence C. Morse which will glide from the ways at that company's plant promptly at 10:45 o'clock Saturday morning.

Invitations to the launching have been sent out to a number of prominent government officials and many shipping officials. It is expected that a large crowd will be on hand to see the launching. The setamship is a 9,400 steel freighter and is of the same pattern as the five other ships built at these yards, all of which are shipping between America and European ports.

The last launching which took place at these yards was the Edwin A. Morse which glided from the ways October 25.

Other ships launched in their respective order follow: February 27, Gunston Hall; May 24, Bety Bell; June 21, Vanada; August 9, Chancock, afterward named H. F. Morse; October 25, Edwin A. Morse.

SPORTS

Monday night's victory of the Virginia Athletic Club over the Lyceum quint, while unexpected by the majority of the local basketball fans, was not unlooked for by those in the 'know", for, quite a few expected to see the Veterans fall before Coach Tommy Cockrell's fast traveling Big V lads.

Jim Alexander's work at forward was outstanding feature of a rather rough and ready contest. The former star High School youngster showed real speed, a good eye and plenty of headwork. He was all over the floor, and scored 14 of the 22 points credited to the Virginia quint.

The Lyceum quint, minus Jeff Williams, played fair basket ball, but the superior passing and general team work of the youngsters was too big a handicap.

Friday night, the Dreadnoughts make their initial appearance in the league, meeting the 5th Engineer five from Camp Humphreys, and Lt. Hoass of the Bridge Builders says his club will be greatly improved. The contest will start promptly at 8 o'clock at the Armory Rink.

Wrestling practice will start tonight at the Community Center under the guiding hand of Coach Carl Mueller. Classes will be organized in preparation for the amateur tournament to be staged the later part of the month. There will be nine classes ranging from paperweight to heavyweight.

The Dreadnought basketball team will practice tonight at the Community Center at 6 o'clock. All members are requested to report at this hour.

Plans for the formation of a Junior League composed of the Lyceum Juniors, The Colonials, the Virginia Juniors and possibly a team from the high school are being laid.

COMBINATION SALES AN ISSUE

Fair-Price Committee Finds Drawback in Prosecuting Grocers

LEGALITY OF SALES

Conflict in Rulings of U. S. Department of Justice and Federal Trade Commission.

Conflict in the rulings of the United States Department of Justice and the Federal Trade Commission as to the legality of combination sales in connection with sugar is expected to prove a serious drawback to the fair price committee in its efforts to prosecute retail grocers for violations of the Lever food control act.

The trade commissioners Monday held that the selling of sugar in combination with other goods to force purchasers to buy other articles in order to secure sugar was illegal, and companies guilty of this practice must put an end to it at once. Combination sales where the customer is permitted to make the selection constituting the combination and where the amount spent for the goods in addition to sugar, as the principal item, is not unreasonable will be permitted under the ruling by the Department of Justice.

This was learned Monday night in a dispatch from Washington and is in line with the ruling of District Attorney Hiram Smith, of Richmond who gave an opinion last Saturday in which he declared that in some cases combination sales with sugar were not illegal.

An opinion which will settle definitely the matter of combination sales will be sought at once.

G. T. Bethel, chairman of the Richmond High Price Committee, reiterated his views on the illegality of combination sales. He declared that a letter received on December 9 by Colonel C. R. Kelley, Federal fair-price commissioner for Virginia, from Assistant Attorney-General Figg declared flatly that combination sales were illegal, and that the fair-price committee of Richmond has been working on that basis since Mr. Figg is in charge of food violations under the Lever act, Mr. Bethel stated.

Mr. Bethel said that he could not understand the statement of District Attorney Hiram Smith, who recently said that combination sales were legal under his interpretation of the food control act. He was of the opinion that Mr. Smith's opinion was based on the letter of December 9 from Assistant Attorney-General Figg, which has been interpretated by the Richmond fair-price committee as putting an absolute ban on sales in combination.

MERGER OF CHURCHES

The council would comprise two ministerial and two lay delegates for each 100,000 communicants.

JAPS IN SIBERIA

Sent to the Interior to Protect Garrisons

Washington, Jan. 7.—Japanese troops now moving westward in Siberia are not new levies or reinforcements of the total force of Japanese soldiers in Siberia, according to officials of the Japanese Embassy. They have been stationed in the seaboard sections or nearby, and are being sent into the interior to ensure the safety of the slender Japanese garrisons, which have been stretched along the line of the Siberian Railway, and are now more or less endangered by the rapid eastward movement of the Bolshevik armies.

So far there has been no decision reached regarding the augmentation of the Japanese or American military forces in Siberia, which matter is expected soon to receive the personal attention of President Wilson, in view of the precarious situation of such of these troops are now in Siberia as a result of intense Bolshevist activities, the withdrawal of the Czecho Slovak troops and the misfortunes of the Kolchak armies.

THE SIXTH STEEL SHIP

At 10:45 o'clock next Saturday morning the "Clemence C. Morse," the sixth massive steel steamship constructed by the Virginia Shipbuilding Corporation in this city, will glide from its crib into the Potomac river. This latest addition to the Alexandria fleet will by early spring be ready to take on a cargo for some foreign port.

The launching of the "Gunston Hall" last February attracted thousands of people to the plant, as this ship was the first to be consigned to its element. People from Washington, Baltimore and all this section of the country were present on that occasion, and automobiles were congested all the way from the plant as far north on Lee and Fairfax streets to Wolfe. It was a gala day for Alexandria, and one long to be remembered.

While a large concourse of people witnessed the launching of the "Betsy Bell," which followed later the ceremony did not attract a crowd of the proportions of the first. Three others have since taken the water in the presence of hundreds of spectators.

The launching of the sixth ship on Saturday will doubtless bring many people to the plant as well as on the eminences overlooking it.

The Virginia Shipbuilding Corporation has been in existence about two years, and during that short time has added materially to the country's tonnage. Other ships similar to those already in service are nearing completion.

MEN WITHOUT A COUNTRY

The Baltimore American says those who are familiar with the story of Edward Everett Hale, "The Man Without a Country," will have it revived to their minds as they see the Buford, the "Anarchist Ark" plowing the waters of the world without being able to land its 249 subjects of deportation from American shores. These disavow this as their country and have proved traitorous to its hospitality. Yet there may be no other country to open its ports to admit them of passage through to Russia, the haven of their voyage. Even Russia might refuse to have them, the Bolshevist not caring to have the alien American institutions, come back to sit in the home Bolshevist board.

"As there are thousands of others being prepared for deportation, it becomes highly interesting to know whether there are any shores to which they may be sent. It is supposed that the port for the Buford is Danzig, Poland. This is only surmise. The acute question is would Poland permit their landing and assume responsibility for their dispatch through its territories? Deported they must be when convicted even if the United States shall need to negotiate for some island and establish there a penal colony—a thing not agreeable to its spirit and institutions."

MANN DEFENDER OF BERGER

"It is evident that James R. Mann, of Illinois, was not deposed as the Republican floor leader of the House of Representatives a moment too soon for the good of the party" says the Philadelphia Inquirer. His course previous to the war was absolutely unsatisfactory to every 100 per cent. American, and now he comes into the limelight again as the defender of Victor Berger. He says that if he had been in the House when Berger was on trial he would have voted to allow him to retain his seat. We are not told upon what grounds Mann would oppose summary action against the Milwaukee foe of Americansim, and it makes little difference, because he is giving "aid and comfort," to a man who has been convicted of treasonable practices in time of war.

"Nothing more remains to be said against Berger. He has been found guilty by a jury of his peers and he should be in jail instead of hammering at the doors of Congress. The fact that he is trying to escape his fate by technicalities does not help his case in the least. On the contrary it makes it worse, because a man with a sense of decency and the fitness of things would not present himself for admission to the American Congress until he had been judicially freed from even the suspicion of treason. Hence we may let the case of Berger rest with the upholders of the Republic who are in an overwhelming majority in the House of Representatives.

"But what of the Manns? What of the men who seem to think that the susceptibilities of their German-born constituents are more important than the feelings of those who are born and bred in the U. S.? We know what to do with Berger and those of his tribe, but what are we to do with those who would blink at the talk and the antics of those frothy exponents of internationalism? Congress is the judge of its own membership and it could and should refuse admittance to Berger on the strength of the speeches he has been making since his convictions. And while the housecleaning is going on, it would be a fine thing if some way could be devised for getting rid of the luke-warm Americans who rise to defend the "rights of men like Victor Berger."

Navy Yard Repair Work in Need of $9,000,000

Unless Congress makes $9,000,000 of Navy Department funds available for repairing ships, many employes at navy yards will have to be discharged February 1, the House appropriations committee was told yesterday by naval officials. No statement of the number of men who might be affected was given.

Seventy-one thousand persons are now employed at the yards of whom 13 per cent are on repair work.

A NERVOUS WRECK

From Three Years' Suffering. Says Cardui Made Her Well

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work.

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today. NC-134

MAN MUST FIT PLATFORM

William Jennings Bryan expresses himself as less interested in the individual as a Presidential candidate than in the issues, holding that the man must fit the platform which must be based on the present-day condition and needs of the people.

He centers all on the old fight between progressivism and reaction.

Is for Government ownership of railroads, telegraph and telephone companies.

Is against reduction of taxes on "big business."

Is against compulsory arbitration of labor disputes, but for compulsory investigation to inform public opinion.

He wants a fight against the profiteer, whom he believes to be strongly intrenched.

Is for a cloture rule in the Senate.

He favors national extension of initiative and referendum.

He wants delegates to the League of Nations elected by the people from five separate districts.

He believes the tide is against universal military training, but that a referendum on war is coming.

He would substitute a majority for two-thirds rule in the National Convention.

WOULD BAR EDWARDS

Newark, N. J., Jan. 7.—Announcement was made here yesterday that the Anti-Saloon League of New Jersey has forwarded to Thos. F. McCrann, holdover Republican Attorney General of the State, a brief urging that measures be taken to annul the election of Edward I. Edwards as governor, and of twelve Essex County assemblymen.

The latter, like Mr. Edwards, are opposed to bone dry prohibition enforcement.

TRAIN KILLS PHYSICIAN

Dr. Fiery, Hagerstown, Was Riding Home in Automobile

Hagerstown, Md., Jan. 7.—Dr. Edgar A. Fiery, 48 years old, was killed early yesterday morning when a Cumberland Valley freight train struck an automobile in which he was riding with J. Milton Albertus Healy, of Healy Brothers, clothing merchants, who was owner and driver of the car, at the West Antietam street crossing.

Healy was badly cut and bruised. He saved his life by jumping. He called to Dr. Fiery to jump, but the latter was not quick enough. The car, completely demolished, was dragged 400 feet.

Dr. Fiery was taken out mangled, but living. He died shortly after being taken to the Washington County Hospital.

$250,000 HEART BALM ASKED

New York, Jan. 7.—Elsie Eleanor Waldo, member of a well-known Nyack, N. Y., family yesterday filed a complaint in a breach of promise suit for $250,000 against Frederick Melvin Brown, a prominent New York lawyer. After seven years of courtship, Miss Waldo declared that Brown failed to carry out his promise to marry her, which he is alleged to have made in December, 1907, and that he married Mabel Heloise Stokes in October, 1913, while she still believed he was engaged to her.

"During seven of the best years of her life she clove to him," Miss Waldo's complaint added, "to the exclusion of other capable and honest suitors of high social standing and wealth." As an excuse for the repeated marriage postponements the plaintiff alleges Brown to have told her "that the satisfaction of being engaged to the plaintiff was fraught with so much happiness that he hated to break the charm."

Miss Waldo said she first met the defendant in November, 1905, when she was 20 years old. Brown, who is a Harvard graduate, is a permanent member of the Comiet Internationale de Droit Maritime, vice president of the Internationale Maritime Law Conference of Paris and a member of the New York law firm of Butler, Brown, Wyckoff and Campbell.

VIRGINIA NEWS

A $15,000 victory for the commonwealth was won Monday when the United States supreme court dismissed for want of jurisdiction, petition for a writ of error in the case of Twohy vs. Doran. The case was one of general interest in that a fine point of law was involved. On December 22 Assistant Attorney General J. D. Hank moved that the petitioner should have proceeded by writ of certiorari instead of writ of error, and this contention has been upheld by the court. The case grew out of an assessment of the estate of John Twohy for omitted taxes from the year 1906 to 1912. Administrators of the estate lost the case in the corporation court of Norfolk and the supreme court of appeals refused to grant a wirt of error. Yesterday's decision of the United States supreme court finally decides the case and insures approximately $15,000 for the state of Virginia.

Captain W. C. Whittle, who served with distinction during the War Between the States as an executive officer of the Confederate raider, Shenandoah, died at his home in Norfolk yesterday. He was nearly 80 years old. For many years Captain Whittle had been engaged in the banking business in Norfolk. He had made his home in Norfolk since the War Between the States. Captain Whittle was the son of Captain William C Whittle, of the United States Navy. He was a member of the United States Navy also at the outbreak of the war, and resigned to serve with the naval forces of the Confederacy. Captain Whittle was a nephew of Bishop Whittle, of the Episcopal Church.

Cases against Detectives C. E. Worrell, E. C. Perkinson, W. E. Wilkinson and M. P. Aldridge, of the Petersburg police force, and Policemen W. H. Collett, Jr., A. F. Cameron and E. L. Stephenson, indicted on charges of accepting bribes by a special grand jury yesterday by Judge J. M. Mullen, of Hustings court. Counsel for the defendants contended there was no law in the State to sustain the indictments against the accused, and the contention was upheld by the court.

John Cooper Thomas, aged 24, multimillionaire coal operator and manufacturer, of Branwell, died yesterday at his winter residence on Belle Isle, Miami, Fla., of diabetes. He was reputed to be worth $50,000,000, greater part of this sum having been left to him by his father, William Thomas, when the latter died two years ago. Young Thomas was an airman during the war. He was stricken with nervous collapse after the war and this developed in to diabetes.

RESCINDS DIVORCE DECREE

Judge Says Kentucky Beauty's History Smacks of "Progressive Polyandry"

Lexington, Ky., Jan. 7.—A decree of divorce granted to Mrs. Ora Smith Irving by Judge Samuel B. Kirby, in Louisville last week was destroyed yesterday by order of Judge Kirby, who had not yet signed the decree. The reason assigned by the judge for this unusual procedure was that the matrimonial history of Mrs. Irving, a famous Kentucky beauty, "smacks of progressive polyandry."

The court, it was stated, had learned that the divorce was the third obtained by Mrs. Irving and that she contemplated taking O. W. Bonner, a New York millionaire, for her fourth husband and that the latter had already presented her with a $50,000 mansion on Long Island.

Mrs. Irving was divorced on November 18, 1911, from Ernest Kemper, by whom she had two children. On November 8, 1912, she married Lunsford Boles at Jeffersonville and was divorced from him on May 30, 1914. Next day she married Walter A. Irving. In her latest petition for divorce it is said there was no reference to her previous marital experiences.

MEXICANS KILL OIL MEN

Slay Two More Americans At Port Lobos, Dispatches Say

Washington, Jan. 7.—Earle Bowles and F. J. Roney, Americans employed by the International Petroleum Company, have been murdered by Mexicans within one mile of Palo Blanco, near Port Lobos, according to private advices received here yesterday from Tampico.

One Mexican also was murdered. No details were given, but it was said that the American Consul at Tampico was in possession of all the facts. He has not yet reported to the State Department.

The territory in which the murder occurred was said to be under the control of Carranza forces.

Houston, Texas, Jan. 7.—Two American employes of the International Petroleum Company murdered by bandits near Port Lobos, Mexico, were from Texas. They were slain Monday, according to information received yesterday. F. J. Roney was a Houston oil man and Earl Bowles formerly was with the Gulf Refining Company at Beaumont. The first report received here from a correspondent at Tampico was confirmed in a report to the Texas company.

Haywood Released From Leavenworth Prison Surrenders to State Attorney Hoyne

Chicago, Jan. 7.—William D. (Big Bill) Haywood general secretary of the I. W. W., released from Leavenworth penitentiary some time ago on bond, surrendered to State's Attorney Maclay Hoyne Monday to answer to a charge of violating the new State law against syndicalism.

Haywood and his lawyer were accompanied by William Bross Lloyd, millionaire "parlor Socialist" of Evanston, who offered property valued at $40,000 for Haywood's bond. The I. W. W. leader was taken to Judge Hugo Pam's court, where bond was set at $10,000 and furnished by Lloyd.

Judge Pam Monday arraigned more than fifty alleged Reds, with the exception of Thomas Whitehead, who became secretary of the I. W. W., when Haywood was sent to prison, all of whom were held in bonds, of $2,500. Whitehead's bond was set at $10,000, in default of which he was remanded to jail.

MURDER SUSPECTED

Wound in Head of Girl Thought Impossible For Self-Infliction

Bethlehem, Pa., Jan. 7.—Local police are of the belief that Mary Margitics, the 17-year-old girl of this place who is alleged to have committed suicide at Haddon Heights, N. J., on Sunday, was the victim of foul play.

When the body of the girl arrived at her late home here it was viewed by the police and the conclusion reached that because of the nature of the wound back of the right ear and the angle at which the bullet entered the brain that the girl could not have killed herself. The local police department will send detectives to Haddon Heights to investigate.

BRYAN LEAGUE QUITS BRYAN

New York Organization Swings to Gerard for President

New York, Jan. 7.—The Bryan League of New York, resurrected a few days ago for the ostensible purpose of booming William Jennings Bryan for the Presidency, announced yesterday that it had swung around in support of James W. Gerard, former Ambassador to Germany, who has filed in South Dakota his formal notice of candidacy for the Democratic nomination.

Frank H. Warder, one of the leading members of the league, declared yesterday that "Mr. Gerard is the only avowed candidate before the Presidential primaries and the Bryan League believes that he ought to receive the unanimous nomination at the National Convention.

Warder added that Augustus Thomas, a lifelong friend of Bryan, intended to give a dinner here January 15 to launch the Gerard boom and that the speakers would include Secretary of the Navy Daniels and Bishop Charles Sumner Burch.

MORE ARRESTS MADE

Raid Offices of Bolsheviki Paper in New York

New York, Jan. 7.—Another raid was made late yesterday by Department of Justice agents on the offices of the Russian soviet newspaper, Novy Mir. Fourteen men and one woman who were attending a meeting of the communist labor party were arrested. The agents also found cards on which were the names of 1,000 communists throughout the United States.

Included in the prisoners taken in the raid on Novy Mir was Dr. Pachakchy, formerly a companion of Lenine and Trotsky.

MILLIONAIRE SLAIN

Personal Soliciter of Ambrose J. Small Declares He Was Marked Man

London, Ont., Jan. 7.—Ambrose J. Small, millionaire theatrical magnate, who disappeared December 2, was killed by footpads and his body concealed in a ravine at Toronto, according to an opinion expressed here by E. W. M. Flock, his personal solicitor.

After it became known that Small had received a check for $1,000,000 for his interest in the Trans-Canada theatres, Mr. Flock said, he was a marked man. He had deposited the check at Quebec just before he disappeared, however.

Mr. Flock said he believed the supposed slayers meant only to stun Small with a blow on the head and then to rob him, but finding that they had killed him, hid the body.

JAPS GETTING LIBERAL

Will Permit Foreigners to Own Land —Other Restrictions Go.

In addition to proposed legislation permitting foreigners to own land in Japan, it is said here that the Japanese government contemplates the removal of certain other antialien restrictions which have been judged by foreigners as constituting a form of discriminatory treatment.

It is said that the proposed laws have been favored by the treaty revision committee, and that they will include the removal of the prohibition against foreign-owned steamers engaging in Japanese coastal trade. At the present time foreign steamers can carry neither freight nor passengers between Japanese ports, but it is now planned to extend this privilege to vessels of those countries which grant a similar right to Japanese ships.

ARREST WIDOW'S COUSIN

Floyd Prevost is Charged With Slaying of J. Stanley Brown

Mt. Clemens, Mich., Jan. 7.—Attorney General Alex. Groesbeck announced shortly after noon yesterday that he had ordered a warrant charging first degree murder issued against Lloyd Prevost, hold as a witness in connection with slaying of J. Stanley Brown, two weeks ago.

Prevost was one of Brown's closest friends and is a cousin of the slain man's widow. He has been questioned almost daily since Mr. Groesbeck began his secret inquiry several days ago.

The money belt which Brown was known to have worn and which has been missing since his death has been turned over to the Attorney General. It was found by Mrs. Brown under a pile of bedding in the Brown home here. It contained no money. A revolver, believed to be the weapon with which Brown was slain, also has come into the Attorney General's possession.

BERGER PUT OUT OF CITY

Chief of Police Refuses to Allow Him to Make Speech

Jersey City, Jan. 7.—Victor Berger, Milwaukee Socialist, twice elected Representative in Congress, once rejected by the House and now awaiting determination of his status here, was ordered out of Jersey City by the police last night when he came here to address a Socialist meeting.

"Who are you?" demanded Berger, when Chief of Police Battersby ordered him to leave town. "I hold you personally responsible for this. I'll sue you."

"All right, sue; I'm responsible," replied Battersby, "but you must leave at once."

Berger was carried in an automobile, guarded by detectives, to the Lackawanna ferry and seen aboard a boat before the officers left him.

Washington, Jan. 7.—The House of Representatives today, for the first time in its history, will be faced with the problem of refusing for the second time a seat to a Representative-elect, when Victor Berger presents his credentials. Whether Berger will appear in person, or by attorney, members were in doubt.

Evidence of organized propaganda, it became known yesterday, has been revealed by telegrams and petitions to Representatives urging them to vote for the seating of Berger, "as the chosen representative of his district."

If You Contemplate Buying a Home. Don't Delay. Do It Now!

Get the idea out of your mind that you ever again can purchase a home at the prices prevailing a few years ago. It can never be done, Alexandria will continue to grow, the talk of the pessimist can't retard its growth.

My reason for advising the purchase now is, because the cost of building material is showing an advance each month, and labor will most certainly not be lower.

It is the opinion of men most competent to forecast the future, that these conditions are certain to continue for some years. Therefore, it appears that you will be considering your best interest by purchasing now.

As the cost of building advances, so will rents be increased, and in sympathy with the cost of building, houses already constructed are certain to advance in price, then, too, because of the scarcity of houses, and the demand, larger initial payments will be demanded. If you have, or can secure $500 or more, purchase your home now, or you will regret it later.

TO FIGHT HIGH COSTS WITH SAVINGS WEAPON

War Loan Organization of Fifth Federal Reserve District Will Continue to Develop Thrift and Savings Plan.

Vigorous assistance in the movement to reduce the high cost of living through encouraging sane spending will be given by the War Loan Organization of the Fifth Federal Reserve District in 1920, according to an announcement made from Richmond, Va., by Albert S. Johnstone, director for this district, which includes the State of Virginia.

"With the foundation of the government's savings movement firmly laid and with a full knowledge of the tremendous benefits which inevitably follow when the principles of thrift are adopted, the United States Treasury Department will continue to push the movement," Director Johnstone said.

"The War Loan Organization of this district has enjoyed the co-operation of many able citizens," the district director continued. "Numerous banks and mercantile and industrial establishments have rendered wholehearted assistance while the newspapers of the district, by their patriotism and generosity, have accorded a service of inestimable value.

Spending, Saving and Investing.

"It will be the policy of the War Loan Organization of the Fifth Federal Reserve District during 1920 to continue to emphasize the importance of spending wisely, of saving regularly and systematically, of investing in sound securities. It will endeavor to find or create new markets for government securities, and to point out to investors the attractiveness of Liberty Bonds and Victory Notes, particularly when bought at market prices. Also especial emphasis will be given to the savings movement which is now popularly identified with War Savings Stamps and Thrift Stamps.

"A point to be mentioned, but which no longer needs to be emphasized, is that thrift does not mean miserliness. It means getting your money's worth; it means the elimination of waste; it means saving on what you do not need; it means the steadfast refusal to buy useless luxuries; it means the most efficient use of all natural and acquired resources; it means safeguarding against unforseen emergencies and protection for the future.

Total Exceeds Billion.

"Through this thrift movement, begun in December 1917, the government has marketed to millions of purchasers savings securities to a total exceeding $1,121,000,000. Despite the falling off in interest on the part of the public in these securities following the armistice, the sales began to increase last summer, showing that the efforts of the treasury to stem the tide of extravagance and develop habits of saving were beginning to bear fruit.

"The development of this savings movement during recent months has been very encouraging. Since the beginning of the present school year, more than 6,000 savings societies have been organized in the schools of the Fifth Federal Reserve District. In many school rooms and grades every child is a member of a Savings Society, having agreed to save systematically and invest his savings in Thrift and War Savings Stamps. How much this movement means potentially is suggested by the fact that during the last two weeks in October children in the public schools in Baltimore alone saved $23,600, investing the whole amount in these securities.

"Upwards of 1,000 women's organizations throughout the district have been actively enlisted in studying budget-making, promoting thrift among their members and associates, shopping more carefully, and in these ways fighting campaigns in behalf of systematic saving and wise investment in government securities in more than 600 concerns in this district employing more than 385,000 people."

NEW YEAR RESOLUTIONS.

Resolved:
End lots of useless spending.
Shut out the Profiteers,
Oust this unrest forever,
Look to the future years.
Unite our mightiest efforts
Through Thrift to bring content,
Invest our money wisely,
On Saving—all be bent.
Now is the time to start if our
Success would crown intent.

LITTLE JACK HORNER.

Little Jack Horner
Sat in a corner.
Counting his Thrift Stamps green;
He gave a broad grin
As he pasted them in,
And said, "What a sight to be seen."

GET AHEAD.

If you want to get ahead—get a head! The person who is saving and investing his savings this day and time in War Savings Stamps and Thrift Stamps is showing that he has a head and knows how to use it.

Fifteen-dollar silk shirts won't keep you warm this winter but they will cripple your bank account. Better get a common-sense shirt and put the difference in War Savings Stamps where it will earn four per cent, compounded.

It's not what you make but what you save that counts. Are you getting ahead or slipping behind? War Savings Stamps are pretty good home-hold chains.

LUDENDORFF'S WAIL

Hun General Says Entente's Treatment of Germany is Infamous

Paris, Jan. 7.—The entente's "infamous" treatment of Germany threatens to draw it into the "final ruin, which now is overtaking us," Gen. Erich Ludendorff, former joint commander of the German armies declared in a letter published in the Matin yesterday. The letter was given the newspaper's Berlin correspondent after he had asked Ludendorff his view of the situation which will prevail in Germany after the treaty of Versailles becomes effective.

"After the entente's infamous treatment of Germany, I cannot well published my views in the entente press," Ludendorff said, "but if the entente is drawn into the final ruin now overtaking us, she should realize it is her own fault.

"Personally I do not have the right to point out the danger to which the entente's narrow vision exposes her. I was in favor of the proposition to join the entente against the Bolsheviki, because I though that would make them understand the situation in central Europe.

"Sooner or later a terrible catastrophe will overtake us all. I can do nothing to prevent a situation the entente has created."

REDS CLAIM VICTORIES

But Poles Have Resumed Offensive Against Them and Captured Dvinsk

London, Jan. 7.—Moscow wireless dispatches yesterday claimed additional extensive victories for the Red forces in Siberia.

Meantime a dispatch to the London Times from its Warsaw correspondent said Polish forces had resumed the offensive against the Reds along the Pskoff railway and had captured Dvinsk.

In South Russia an Odessa dispatch said General Schilling had ordered the city defended from the approaching soviet armies at all costs.

A Helsingfors dispatch by way of Copenhagen reported a rumor that Grand Duke Michael Alexandrovitch had escaped from Perm and was in hiding.

Soviet armies have occupied the town of Berezov, 400 miles northwest of Tobolsk, taking three steamers laden with flour and other food supplies, one communique said. Another reported capture of the village of Yanversky, with 125,000 tons of coal.

Bolshevik forces also have occupied Taiga Station, on the Siberian Railway, capturing 87 locomotives, 2,000 cars and a quantity of munitions, it was claimed.

PEASANTS HATE VIENNESE

Feed Milk to Pigs and Let Citizens Starve

Boston, Mass., Jan. 7.—Vienna is starving, Mrs. Diana Mandl, the American wife of an Austrian army officer, declared when she arrived on the steamer Cretic from Mediterranean ports yesterday. Her two children, she said, had been without fresh milk since last May.

The peasants hate the Viennese, according to Mrs. Mandl, and rather than send their milk to the city, they feed it to the pigs, while they grease the axles of their carts with butter for the same reason. It is useless for Viennese to try to trade with the peasants with money, she said, shoes cloth and other products forming better mediums of exchange.

Mrs. Mandl asserted that Vienna lacks coal, none coming from Galicia, which has been the customary source of supply and that the Bohemians refuse to send sugar. No bitterness exists toward America, she said.

NOT AN ISOLATED CASE

Many Similar Cases in Alexandria and Vicinity

This Alexandria man's story given here is not an isolated case by any means; week after week, year after year, our neighbors are telling similar good news.

H. J. Duner, policeman 310 North Columbus Street, Alexandria, says "I have used Doan's Kidney Pills off and on for a good many years and have always had good results before I tried them I was troubled a great deal with pains in the small of my back, which were so bad I could hardly bend over sometimes. I had miserable headaches and dizzy spells, too. The kidney secretions passed too freely. I am glad to say that since I have used Doan's Kidney Pills I have been free from all that trouble and have felt a great deal better in every way. I am not afraid of my back hurting. I use a few of Doan's once in awhile and they keep my kidneys in fine shape."

BELLBOY KILLED

Ex-Army Captain Shoots Negro Whom He Alleges Struck Him

Pittsburgh, Pa., Jan. 7.—In the presence of scores of persons on Fifth avenue late yesterday afternoon, E. M. Price, aged 28 years, a former captain of the United States Army, shot and killed Albert Loving, a negro bell boy of Hotel Henry, after a dispute over whisky. Price is a student at the University of Pittsburgh.

According to the police the shooting followed an argument between Price and Loving when the latter refused to get the former army officer some whisky. According to the hotel detective, Price approached Loving in the lobby of the Hotel Henry and asked him for liquor. Loving referrde Price to Mr. Ward, the clerk on duty at the time. Price approached Ward and complained bitterly of the service, at the same time making derogatory remarks about the bell boys.

Leaving the hotel and stepping out onto Fifth avenue, Price was followed by Loving and another bell boy. As the trio reached the street Loving is alleged to have struck Price in the face. Angered, Price drew an automatic revolver and fired one shot into Loving's body, the latter crumpled up and dropped to the ground dead.

Price came to this city from Salt Lake City, Utha. He has been a student at Pitt for several months.
